

REMARKS

This response is submitted in answer to the Examiner's Action mailed February 5, 2004, with a shortened statutory period of three months set to expire May 5, 2004.

The Examiner objected to claim 11 stating that a typographical error exists in line 3 in the phrase "interface for receiving". Applicants have amended claim 11 to delete the word "for". Therefore, this objection is believed to be overcome.

The Examiner disapproved the proposed drawing changes because they were not in the form of a pen and ink sketch showing changes in red ink. The Examiner also objected to the drawings because they do not mention reference number 910.

Proposed drawing changes are submitted herewith to correct two typographical errors to change "effect" to "affect" in block 908 and to change "effected" to "affected" in block 914. In addition, a proposed drawing change is submitted in Figure 9 to label the block that states "Ignore Change" as reference 910. This block was previously unlabeled.

Applicants file herewith the proposed drawing changes in the form of a replacement page and also in the form of a pen and ink sketch showing these changes in red ink. The objections to the drawings are believed to be overcome by the submitted proposed drawing changes.
